Honoring one Another

We are all aware of the recent upsurge in reported COVID cases in our county. Our commitment as a congregation is to continue to honor your personal response to this ongoing challenge. We believe that we can worship together whether my individual choice is to wear masks in group settings or whether my choice is not to wear masks in group gatherings. It may be timely to remind you that the recent updates to our HVAC system include an air filtration system that runs continuously when the building is occupied. This is intended to provide as healthful an indoor environment as current technology allows. Thanks for continuing to honor one another and our different responses to these challenging circumstances.

New Sunday School Curriculum

On September 5th we began using "The Gospel Project" as our Sunday school curriculum. This curriculum is designed to lead us, adults and children, on a study of the entire Bible over the next several years. We begin with Unit 1 "From Creation to Chaos." The format of the quarterly is different than what we have become accustomed to using. After several weeks of using this material you will be invited to share what you like and what you dislike about this material. We are planning to use this material from September 2021 through February 2022. A review by teachers and class members will determine whether this curriculum will be used beyond that date.
